We know it takes a Village to raise a child and Stay and Play is one more way we can be part of your Village. We know that childcare is difficult to find, especially last minute or short term, and that is where Stay and Play is a valuable resource. Stay and Play is flexible, drop-in care for younger siblings or days your child does not have school and you need extra care. The day is structured like the Preschool 2's class, with the goal to help children feel secure and comfortable while they are here, and to mirror the routine of school as preparation for Preschool. We also offer before school care for all ages.

Stay and Play is available for single day use or a regular schedule that fits your needs from 1-3 days per week.
